KOUSHALYA – 03/09/2024

Sharada AYURVEDA

MEDICAL COLLEGE & HOSPITAL
TALAPADY, MANGALURU

Ayurveda is a Devine science which provides unlimited opportunities. However its often observed that even the students with best academic performance fail to envision their career path. They are provided with relevant clinical knowledge and necessary training in classroom teaching, without the much needed career goals and life skills. Often it is seen that once the students secure their degree they feel blind folded or in confusion about the way ahead. Most students end up queuing up for petty and conventional jobs thus leading to unhealthy competition, dejection and disappointment.

Sharada Ayurveda Medical College and Hospital has always strived to bring out the best in each student, as we believe in the philosophy of Swami Vivekananda that, "Each soul is potentially divine. The goal is to manifest this divinity by controlling nature, external and internal". Through this workshop we seek to make you aware of the favourable environmental that exists within and out. This is one small step towards providing ideas that make you independent and change your lives by the time you complete your degree.

Eligibility- **Interns and PG Students**
Registration Fees - ₹100
Food - **Modest lunch will be provided**
Accommodation - **Will be provided upon request at a nominal price.**
Note: Candidates can attend the workshop on either days independently.
Registration is strictly subject to availability and discretion of the organizers.
E- certificate will be provided on successful attendance.
Seats limited to 25 members and registration will be on first come first serve basis
Four participants from each college will be allowed
Last date for registration: **30th August 2024**
For Registration Contact:
Dr. Shyam Prasad - 8078916409
Dr. Karthik Rai - 9986224677
